The Director's proposal is for extra staff for dealing with Coop Paddy. He says 1) As large quantities of grain will have to be collected in the depots during the short harvesting season, he will require the services of extra clerks for depot duties. 2) Light lorries are also required for transport purposes. 3) May be sanctioned as in Dev Secy's U.O. dated 12/1 Mem. 4) Petrol etc. 18/1

5) The proposals of the Director of Food Supplies are not clear. He wants extra Revenue Inspectors for mills and further states that these Revenue Inspectors are practically for procurement purposes and are meant to supplement the existing staff. As it is essential that as far as paddy is concerned, every step is taken to see that the procurable stuff is got during the harvest season only the ministerial staff which the Director considers necessary would have to be sanctioned. Similarly with regard to the staff at the Mills. The
